WE PROVIDE LOCAL AND AIRPORT SERVICE RIDES

Best of Venice 2025

Solutions Not a Sales Pitch

Blair Post, HAS, BC-HIS, ACA

Board Certified Hearing Instrument Sciences
American Conference of Audioprosthology

As a dedicated hearing specialist, some of my most rewarding experiences involve hearing about the positive impact I have had in people's lives. Here is what Mr. Bridle had to say about his experience:

"I have worn hearing aids for a number of years, on and off. I say on and off because it has been off more with my most recent pair purchased from another provider in Venice. I had an annoying problem with feed-back, which neither they nor another local provider were able to correct or alleviate. Both told me I should consider newer, more advanced models, which they would be happy to sell me. Since mine were similar, I felt they were more interested in making a sale than helping me. As a result, they wound up in my dresser drawer (not an uncommon situation.) I decided to give it one more go. A friend referred me to Blair Post at Contemporary Hearing.

What they said couldn't be done, was done by Blair.

No sales pitch on newer models; just a willingness to listen to and work with me.

After testing my hearing, he patiently worked with me to make adjustments to the programming. He also refitted the aids with new leads and cones. The ones I had were not sized or fitted properly and caused much of the feedback.

I was given a follow up appointment the next week at which time Blair fine tuned the programming and changed out one of the cones for another size. These were simple, inexpensive solutions to a fixable problem. Although I was advised of charges ahead of time, no payment was collected until I was satisfied.

I found Blair to have an abundance of knowledge, patience and humor, and his greatest attribute is INTEGRITY. He honestly wants to help. I would recommend Blair Post and Contemporary Hearing to any person desiring to improve their hearing."

~ M.J. Bridle, Venice

If you have struggled to hear conversations with ease, call for a free demo of hearing aids, 941-244-9300.
